

William Olney, Headmaster

Posted by HitchinBritishSchool - 2007/12/20 14:44

Looking for any information, especially a photograph, of William Stapleton Olney. He was, according to 1881/91 censuses, a certificated schoolmaster living in Tower Hill, Great Hadham, with wife Elizabeth. Olney had been one of the very first pupil teachers at the Boys British School in Hitchin in 1847, and the only one of 6 who became a master. He is a special part of our history. Are there any records in church or school?

Did you ever find the info you were looking for. We do have record books that mention him at the school _ I work there!

Wow, no I didn't get any info. some time ago I had a message to say that someone had posted a response, but could not find it, nor could the moderator at the time. Can we make contact - suggest you email me at manager#hitchinbritishschools.org.uk(Replacing the # with @ of course - have used that to stop spam!)
