

Piggot/Pickett: Much Hadham Little Haham, Standon

Posted by mlpw - 2008/11/03 00:03

My ancestor, John Pigot, christened in 1825, left Much Hadham in 1855 to go to the US. (The spelling of the name here has been Pickett.) I have names of his 6 siblings, his parents and grandparents, also from Much Hadham and Little Hadham: John Pigot (1791) and Sarah or Susan Sapsed (1802), Jeremiah Pigot (1763) and Mary Bull (1711) and John Sapsed (1769) and Sarah Blakes (1772). Jeremiah's parents may have been from Standon. I am interested in connecting to any others who are interested in this family line to see if we can work together and find more information.

Hi I have a similar interest I am Laurence Piggott living in chingford e4 - my Father was born in the small cottages on the high street Much Hadham in 1909
his father my grand father was George piggott - there is a picture of a group outside the Crown public house on there wall he is the one with a moustache sitting smiling in the sun.I actually did the clean up thats my touched up picture on the wall which I presented to the pub some years back - they also have the original.My brother John Piggott now resides in Toronto Canada so there seems to be a travelling spirit with that name ..There maybe a link somewhere who knows --- Laurence:unsure:

Laurence,
Do you know names of your other Piggott ancestors from this area? I've been to the Family History Library in Salt Lake City last week and found a few other names, but others are still missing in my family tree. It would be great if we can connect in this family line.
